

2035 Regional Long Range Transportation Plan for Southeast Florida

Help us Prepare the REGIONAL Goals

In 2006, coordinated activities occurred between the tri-county agencies to develop a set of Regional Goals and Objectives that would provide a basis for the development of a Regional Transportation Plan. As shown below in the table, seven goals, supported by 16 objectives, were identified. These initial set of Regional Goals and Objectives reflect the Goals and Objectives adopted by each of the three MPOs in their 2030 Long Range Transportation Plans.

We want your feedback!

Please read through the goals below. After you have reviewed all of the goals, please rank them 1 through 7, with 1 being the most important REGIONAL goal and 7 being the least important REGIONAL goal. After you have ranked all 7 goals (1-7), please provide your additional comments in the "Other Goals" box on the other side of this form.

Regional Goals	Rank
Goal 1: Improve Regional Transportation Systems and Travel <ul style="list-style-type: none"> • Provide adequate capacity for regional travel demands. • Improve transportation facilities' and services' regional connectivity. 	
Goal 2: Support Regional Economic Vitality <ul style="list-style-type: none"> • Increase access to regionally significant employment areas and sites. • Enhance access to intermodal facilities for tourists, passengers and goods. 	
Goal 3: Enhance Regional Social Benefits <ul style="list-style-type: none"> • Provide equitable and environmentally-just travel facilities and services. • Increase accessibility to major health care, recreation, education, and cultural facilities. • Improve techniques for the management of auto/truck conflict. 	
Goal 4: Mitigate Regional Environmental Impacts <ul style="list-style-type: none"> • Minimize environmental impacts of transportation facilities, services, and operations. 	
Goal 5: Integrate Regional Transportation with Land Use and Development Considerations <ul style="list-style-type: none"> • Provide for linkage of urban centers and intermodal facilities in the region. • Endorse transportation improvement projects that improve sustainability. • Promote transit-oriented development (TOD). • Promote efficient transportation access to key regional, industrial and commercial areas. 	
Goal 6: Optimize Sound Regional Investment Strategies <ul style="list-style-type: none"> • Optimize use of existing funding sources. • Identify new funding sources. 	
Goal 7: Provide for a safer and more secure transportation system for residents, businesses and visitors <ul style="list-style-type: none"> • Ensure that evacuation plans for disasters are in place and up-to-date. • Consider and improve the safety and security of seaports, transit, and airport facilities.
